REMARKS

The March 24, 2004 Notice states that the application fails to comply with the sequence rules and that applicant must provide (a) an initial computer readable form (CRF) of the sequence listing, (b) an initial paper copy of the sequence listing and an amendment directing its entry into the application, and (c) a statement that the content of the sequence information recorded in computer readable form is identical to that of the paper sequence listing and, where applicable, includes no new matter, as required by 37 C.F.R. 1.821(e), 1.821(f), 1.821(g), 1.825(b), or 1.825(d).

In response to the Notice, applicant submits a Sequence Listing attached hereto as **Exhibit B** in compliance with the requirements of §1.821-1.825. In addition, applicant submits herewith the Sequence Listing on the enclosed computer diskette. Moreover, applicant submits as **Exhibit C** a Statement In Accordance With 37 C.F.R. §1.821(f) certifying that the information in the computer readable form and that in the paper copy are the same, and that the Sequence Listing does not introduce new matter.

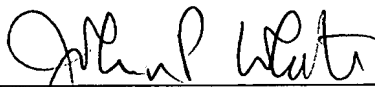

In addition, applicant has amended the specification to include references to the sequence identifier information, as required by 37 C.F.R. §1.821(d). This amendment does not involve any issue of new matter. Accordingly, entry of this Amendment is requested.
